

EC-CI-111

Precision cable cutter NETLAN

- ✓ Sharp hardened blades
- ✓ Handle return spring

NETLAN cable cutting pliers are designed for precise trimming of wire strands and delicate electrical work. Suitable for cores made of copper and other soft metals up to 1 mm thick (18AWG). Not intended for use with steel. The cutting edges are made of hardened steel, which ensures accurate cutting. Ergonomic handles provide comfortable work. There is a spring to return the handles to their original position.

Basic equipment:
Precision cable cutter

1 pc.
