

EC-CI-229W

Cable stripper NETLAN

- ✓ Notch depth adjustment
- ✓ Stripping with twisted pair and coaxial cable

The NETLAN tool is a versatile and affordable solution for fast and efficient stripping and trimming of twisted pair cables. The tool is equipped with knives with which you can remove the outer sheath from both twisted pair and coaxial cable. There is also an adjustment wheel for changing the depth of cut. The housing is equipped with a return spring to provide a return stroke and return to its original position.

Basic equipment:
Cable stripper

1 pc.
