

NMC-OP110 management panel consists of a steel base and two plastic modules, 5 D-rings on each. Cable Management panel rings are tightly closed, it can be used even for routing dense bundles of thin wires and cables for example telephony or 110 type knives.

NMC-OP450-2 is an alternative series to NMC-OKXXX-2 and consists of a steel base, which secured 5 plastic rings with depth of 60 mm. Rings are also closed, which allows it to keep cables thin and tidy.

NMC-OP700C is all-plastic design and is characterized by a decorative plastic cover, which also holds the additional cables.

Package Content

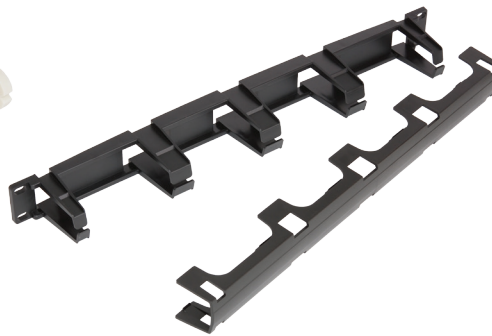

NMC-OP110:
Cable management panel - 1 pc.

NMC-OP700C:
Cable management panel - 1 pc.

NMC-OP450-2:
Cable management panel - 2 pcs.
